

Batteries De Munter

Project Data:

Customername: _____ Projectname: _____
Application: _____ Target price: _____
Order amount Per Year: _____ Per Order: _____
Prefered celltype/battery: _____
Prefered brand(s): _____
Battery use: Main Power Back-up

Project timing:

Prototypes: _____ Ramp up: _____
Mass production: _____ Life time: _____

Discharge conditions:

Voltage: Max: _____ V Min: _____ V Cutoff: _____ V
Current: Max: _____ mAh Min: _____ mAh Average _____ mAh
Peak 1 _____ mAh Time: _____ sec
Peak 2 _____ mAh Time: _____ sec
Temp. Max: _____ °C Min: _____ °C Average: _____ °C
Operating time: _____

Charge conditions:

Charge type: Standard Accelerated Fast Trickle
Current Max: _____ mAh Min: _____ mAh Average _____ mAh
Temp. Max: _____ °C Min: _____ °C Average: _____ °C
Charge Time: _____

Storage conditions:

Temp. Max: _____ °C Min: _____ °C Average: _____ °C
Special condition: _____

Construction & mechanical:

Pack: Length: _____ mm Width: _____ mm Height: _____ mm
Drawing included: Yes No
Battery contacts: Tags _____
 Wire _____
 Connector _____
Required Qualifications / test: _____
